

OUR MISSION

Tuesday's Children provides a lifetime of healing for families who have been forever changed by terrorism, military conflict or mass violence.

Are you searching for a volunteer opportunity to help Tuesday's Children guide tomorrow's leaders?

BECOME A CAREER MENTOR

How can I get involved?

Tuesday's Children Career Mentorship Program is designed to equip college students, young adults and professionals with the necessary tools and resources as they navigate through the internship/job search process and career transitions.

Career Mentors are matched with Mentee(s) and provide career advice & support. More specifically, Mentors:

- answer career-related questions
- review resumes and cover letters
- conduct mock interviews
- assist with networking

Mentors and mentees communicate remotely (phone call, email, etc.) - Time commitment and duration of the mentorship will vary according to the mentee's needs (e.g.: looking for a summer internship vs. transitioning to a new industry). However, through an initial discussion, the Mentor and Mentee will agree upon a mutually convenient timeframe.

Facts & Figures

- 3,051 children lost a parent on September 11th
- 18,000+ military deaths since 9/11
- 37,000+ First Responders and survivors are suffering from a 9/11-related illness

Why should I get involved?

Losing a parent can often mean losing an essential career advisor, professional mentor and adult support system.

As a Career Mentor, you can help young adults who have lost that vital figure in their lives as they embark on their careers.

As a result, the need for professional mentors for Tuesday's Children teens and young adults continues to grow.
