Runner Spotlight: David & Peter Spampinato

David and Peter ran the 2024 Hamptons Half Marathon with Team Tuesday's, raising over \$4,000! They lost their dad on September 11, 2001, just 4 days short of his 40th birthday, when they were 21 months and 4 years old, respectively. Their dad loved playing sports growing up and particularly found a competitive outlet in endurance races as an adult. David reflects, "Every day we strive to be like him and make him proud. We raised funds for Tuesday's Children, an organization that has supported our family since Day 1, providing emotional support, professional connections and growth, and experiences in our formative years that will last a lifetime. Our dad loved the beach, and formed some of his fondest memories and closest friendships as a lifeguard at Hempstead Harbor - so running alongside a setting that made him feel home was the perfect opportunity for us to do this race together."

Race Spotlight: 2025 Berlin Marathon September 21, 2025

Over 40,000 finishers experience the very special moment of crossing the Brandenburg Gate just before the finish line, cheered on by millions of spectators and 80 live bands who celebrate the sport along the course. The international running community is a guest in the German capital during this special event, long-considered one of the most important marathons.

We have limited charity entries. Contact Keri for more information: keri@tuesdayschildren.org
