

Youth Mentoring

Tuesday's Children provides a mentoring program for children and siblings of fallen military service members, regardless of circumstances of loss, designed to be a resource for interested families of children 6-18* years old. Experts in the field of child development, grief/bereavement and child safety have guided Tuesday's Children to build a well-established and highly impactful Mentoring Program that can change the trajectory of your child's life. Mentors can offer advice, share life experiences, help a young person navigate challenges and have fun! Volunteers are recruited, screened, trained and managed/supervised by professional staff to safeguard that every adult is committed to and qualified for playing an active role in the nurturing of a child. We will work with military families such as yourself to ensure that both you and your child are prepared for the commitment to the Mentoring Program. Matches between a mentor and a child are made based on common interests, personality traits and similar schedules and intended to last a year or longer.

*Recommended enrollment years are 6-16 years old.

WHAT IS THE BENEFIT OF A MENTOR:

Studies show that mentoring in youths reduces their risk of participating in risky behaviors, lessens depressive symptoms, can reduce truancy and children with Mentors are more likely to participate in extracurricular activities. Mentoring promotes positive social attitudes and children tend to have a higher level of trust with their surviving parent.
