

# Become a Youth Mentor

Tuesday's Children provides a lifetime of healing for families whose lives have been forever changed by terrorism, military conflict, and traumatic loss.

Tuesday's Children is actively recruiting for our youth mentoring program established exclusively for children and siblings of fallen military service members. This custom designed program fills the gaps in services offered to families of the fallen with children 6-18 years old. Mentors can offer advice, share life experiences, help a young person navigate challenges and have fun! So many mentors often share that their mentoring relationship changed their life for the better just as much as they have changed the life of a child. Volunteers are recruited, screened, trained, and managed/supervised by professional staff to safeguard that every adult is committed and qualified to play an active role in the healing of a child. Matches between a mentor and a child are made based on common interests, personality traits and similar schedules and intended to last a year or longer.

## WHO SHOULD APPLY:

Adults, over the age of 21, who want to make a difference. Anyone interested should be prepared to dedicate themselves as active volunteers by engaging with the child for a few hours each month for a year or more. Screening will include a background check and other vital child safety protocols.
